of-WorcesterAccessand-ParticipationPlan.pdf

Key Points

The focus of our access and participation plan is on improving outcomes for specific groups of stDatents. shows that compared to their peers at the University of Worcester, outcomes are lower for certain groups of students

- x Students are less likely to complete their studies if they come from a neighbourhood where not many people participate in higher education
- x The following groups of students are less likely to achieve a degree award of 2:1 or above:
 - o Students from lowincome backgrounds
 - o Students from an ethnic minority background
- x The same groups of students are less likely to progress to highly skilled employnimenth er study.

Our data shows that since 2012/13 the achievement of a degree award of 2:1 or above and all progression to employment or further study if students from lowincome backgrounds and/or from a minority background improved year on year. However, we believe that there is more that can be done.

Fees we charge

At the University of Worcester, the maximum fees charged are:

x £9.250 for fulltime students

finance/coursefees.aspx

Financial help available

We offer financial support to students in the Access to Learning Fund his helps ligible students experiencing financial difficulties on tinue studying until their course is completed hrough the award of non repayable grants.
