

Practice Supervisor Preparation

Practice Supervisors can be registered health care professionals (Nurses, Physiotherapists, Podiatrists, etc.) who are qualified to supervise and assess students. Practice Supervisors are required by the Nursing and Midwifery Council (NMC) to have received preparation and support to undertake the role. In addition they must have current knowledge and experience relevant to the area and programme of study for which they are providing support, supervision and feedback (NMC 2018).

This preparation is ideally suited to individuals who are new to the role. If you have recently undertaken practice supervisor preparation within your organisation of employment, there is no requirement to attend this. If you are currently a mentor, this preparation training is not applicable – please contact your organisation's Practice Facilitation/Education Team.

This preparation is planned in collaboration with practice educators / facilitators and employers.

Topics include:

- x The Practice Supervisor role in conjunction with the NMC (2018) Standards to Support Student Supervision and Assessment (SSSA)
- x An understanding of programme outcomes and proficiencies you are supporting students to achieve
- x Facilitating learning
- x Supporting learning within the scope of your practice
- x Providing Constructive Feedback
- x Coaching
- x Contributing to assessment
- x The supervisor role in completing required documentation
